

## ***Don't You Ever Wonder***

© 2008 Words & Music by Dan Rub

Don't you ever wonder,  
About the way it's come to be  
Can we really understand,  
All the things we hear and see  
I don't know what to do,  
I don't know what to say  
I don't know what to feel,  
I need to find my way

Don't you ever wonder,  
About the things that people do  
Can we really understand,  
All the things we all go through  
I don't know what to do  
I don't know what to say  
I don't know what to feel,  
I need to find my way

Don't you ever wonder,  
About the soul you need to save  
Can you really understand,  
You don't bring it to your grave

Don't you ever wonder,  
I wonder all the time  
Don't you ever wonder,  
I wonder all the time  
Don't you ever wonder,  
I wonder all the time  
Don't you ever wonder,  
I wonder all the time
